

News Release

FAO:

Transport & Travel Research Ltd Appoint Specialists for London and Lichfield Offices

Transport & Travel Research Ltd (<http://www.ttr-ltd.co.uk>), has announced the appointment of three new members of staff who will be based at the company's London and Lichfield offices.

New Appointments for TTR's London Office

Joze Stivan joins the TTR London office as an Associate.

He is an experienced Project Manager and Programme Coordinator. Joze has 11 years' experience in the support and delivery of projects, in both the public and private

sector. Joze's background includes studies of airport and aviation expansion, transport planning and integration, bus priority measures, traffic enforcement, network management plans and route management strategies.

Chris Penn also joins the London office. As a Consultant, he will be working alongside Joze Stivan on Travel Plans for DIY Chain B&Q, Faith Destination Travel Planning and the South London Freight Quality

Partnership. Chris is a graduate of the University of East Anglia, with a BSc (Hons) in Environmental Science.

New Member of Staff for TTR's Lichfield Office

Samantha Jones has been appointed to the position of Senior Consultant at TTR's Lichfield office. Samantha previously worked for the Tyndall Centre for Climate Change Research. There she was responsible for project and financial management, staff development and governance strategies. Samantha has recently completed an MA in Applied Research and Consultancy at Lancaster University. Her experience also includes working on the Sustrans TravelSmart scheme and community streets audits for Living Streets.

David Blackledge, Chairman and Director of European Affairs says: "TTR is delighted to announce these three appointments. Their combined skills and experience will add greatly to the work undertaken by TTR in its leading edge research activities."
