TeamSeer

Staff holidays and absence managed online

With TeamSeer's absence management software, you can take a break from forms ... forever!

Efficient absence management ... at the click of a mouse

Are you spending more time than necessary on your staff's holiday and absence management? How long does it take to process just one holiday request? If you are filling out forms and chasing authorisation, you could be wasting hours of valuable time.

" In its first six months in operation, TeamSeer has already generated savings of almost £50,000."

Charles Rowett, Group HR Director, Central Trust

Return on Investment

TeamSeer's secure system costs just a few pounds per employee, and a typical organisation can expect a 400% Return on Investment. TeamSeer has become the absence management system of choice for over 30,000 individuals, working in some of the country's best-known and forward thinking enterprises.

Saving you time and money

Now you can eliminate those administrative headaches and save your organisation time and money. With TeamSeer's flexible absence management system, all your employees can request their own leave online, helping you:

- ✔ Eliminate your absence management paperwork
- ✔ Save time and maximise efficiency
- ✔ Reduce your costs
- ✔ Reduce unplanned absence

Easing your HR burden

Absence management doesn't need to be time-consuming. And TeamSeer's versatility means it can be tailored to suit the needs of your organisation. It integrates seamlessly with Microsoft Outlook, and can be used with Blackberries and iPhones. All you need is an Internet connection.

TeamSeer

A unique log-in for all your staff

With TeamSeer's user-friendly system, your staff can see their leave allocation at a glance, how many days they have left, and even when their colleagues are out of the office.

Your line managers save time by instantly approving requests, safe in the knowledge that TeamSeer has already checked the leave allowance, and your staff availability.

With TeamSeer's secure web-based leave and management system, you can eliminate that paper-chase for good.

"TeamSeer comes with my full recommendation; it has surpassed my expectation."

Simon Waine, Manager, Logistics and Operations, John Lewis

Full management reporting

When you need to analyse your staff's leave and absence periods, TeamSeer provides you with a complete set of powerful management reports and charts. It will even predict the likely impact of future absence on your business based on historical data.

Built-in Bradford Factor

TeamSeer gives you unparalleled management of all absence. Your staff can file online reports for sickness and unplanned absences, and TeamSeer will calculate the Bradford Factor automatically, always giving you the correct figures.

Maximising your staff efficiency

TeamSeer delivers cost and efficiency benefits across the organisation. It calculates holiday allowances and approvals automatically for each member of your staff, eliminating confusion or calendar clashes. Line managers can confirm or reject requests with a single click from an email.

TeamSeer wins back staff time and energy, which can be better spent delivering products and services to your customers.
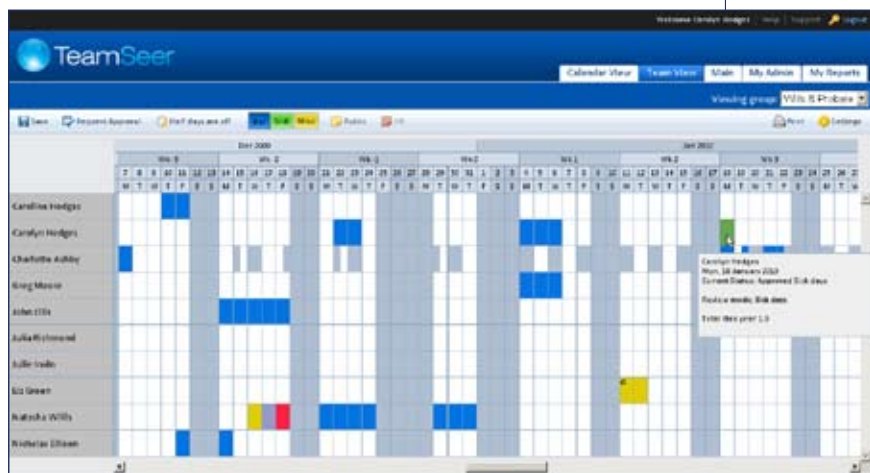

Seamless Integration

As well as Outlook and smart phones, TeamSeer also integrates with Microsoft Excel, Intranets, Sharepoint, ERP and HR systems, and Payroll and Flexible Benefits services. This means TeamSeer's flexibility will meet and exceed your every need.
